UNM Department of Anthropology

Graduate Student Research Development Grant Application

The Department provides research development grants annually to graduate students for to help students develop their field research sites. Grants can be used for travel, research materials, participant fees, and other related costs of field work. Students are limited to three (3) research development grants during time at UNM. Please see the department Graduate Student Funding Guide on the department website for more information. Attach a current CV and email completed application to Jennifer George (jgeorge2@unm.edu) and your subfield Graduate Advisor.
