I maintain five UNM-based e-mail lists (NM-ARCH-L, NMAC-ADMIN-L, ASNM-L, ASNM_BOARD-L, GALISTEO-L) to allow archaeologists and historic preservation professionals to communicate easily over the large distances in New Mexico.

I maintain a bilingual (Spanish and English) web site (<http://www.unm.edu/~dap/nwm/nwm.html>) on the archaeology of northwest Mexico, to facilitate U.S. and Mexican archaeologists' efforts to learn about each other's work despite the continuing language barrier. The web site is also a way to transfer professional knowledge to the general public in both countries.
